## Council Connection

Recent Council actions from September 15 meeting:

- **Raising Cane's:** The City Council approved a Development stage - Planned Unit Development Application for Raising Cane's restaurant on Lexington Avenue in front of Target. This allows the Developer to move forward and submit final plans for review. Raising Cane's is a fast food restaurant specializing in chicken tender meals. They have 200 restaurants in the United States, and the Shoreview location will be their third in Minnesota.
- **Quiet Zones - North/South Corridor:** The City was recently awarded a \$500,000 grant from the Legislature to improve the railroad crossings at North Owasso Boulevard and Jerrold Avenue in order to meet the standards required to establish quiet zones on the north-south rail corridor that runs through the city. The Council approved an agreement with Soo Line Railroad for the completion of a preliminary engineering study and cost estimates for these improvements.
- **Issuance of Bonds:** The City Council approved the issuance of \$6,980,000 General Obligation Refunding Bonds. These bonds will refinance two outstanding debt obligations and will offer the City additional interest savings based on lower interest rates, as well as eliminate potential federal government reimbursement reductions. Based on present value interest rates, the City could potentially save as much as \$325,000 with this refunding.
